

# HTML+CSS Project Documentation

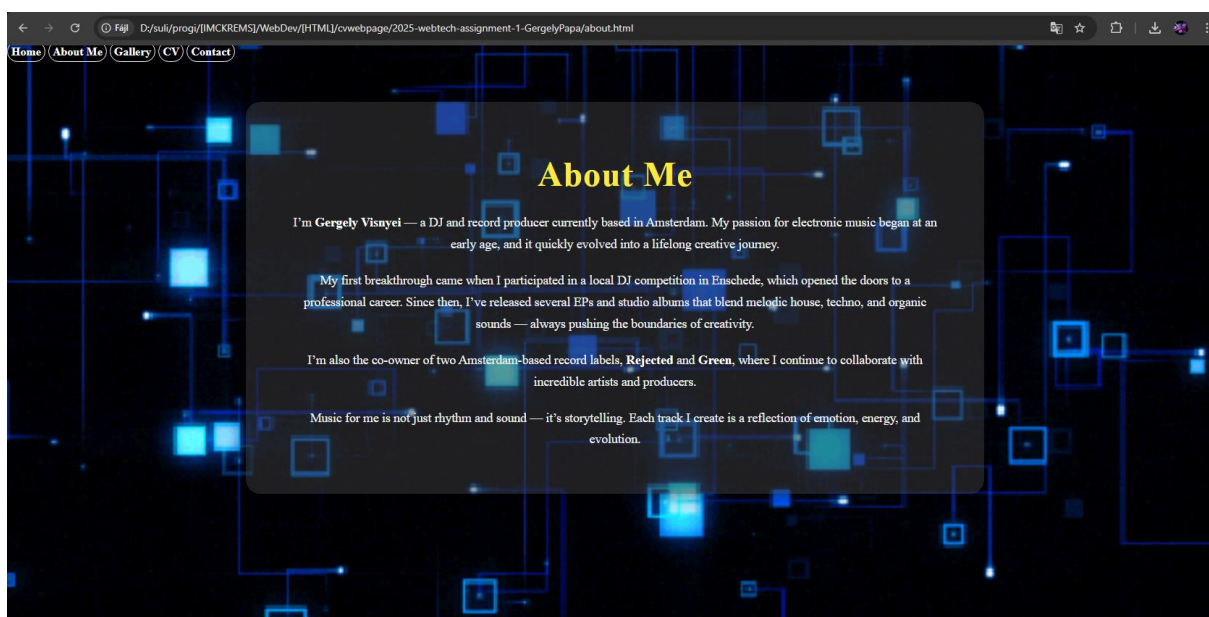

## Gergely Visnyei

### My Index.html page:

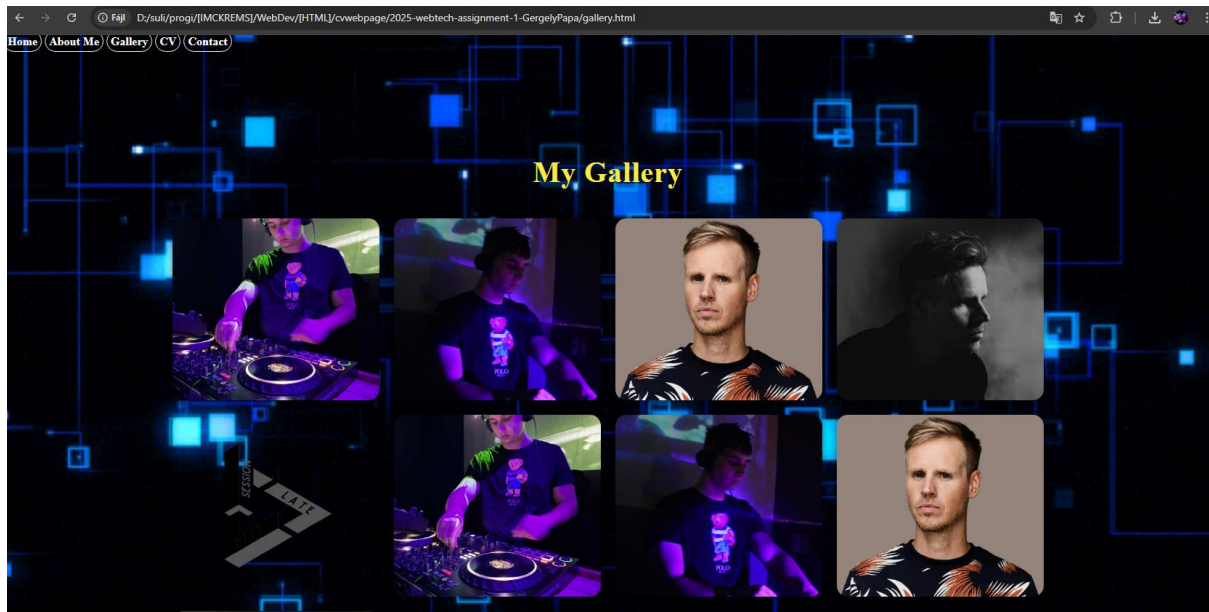

- This is an introduction page
- On the top we can use the navigation menu

### My About.html page:

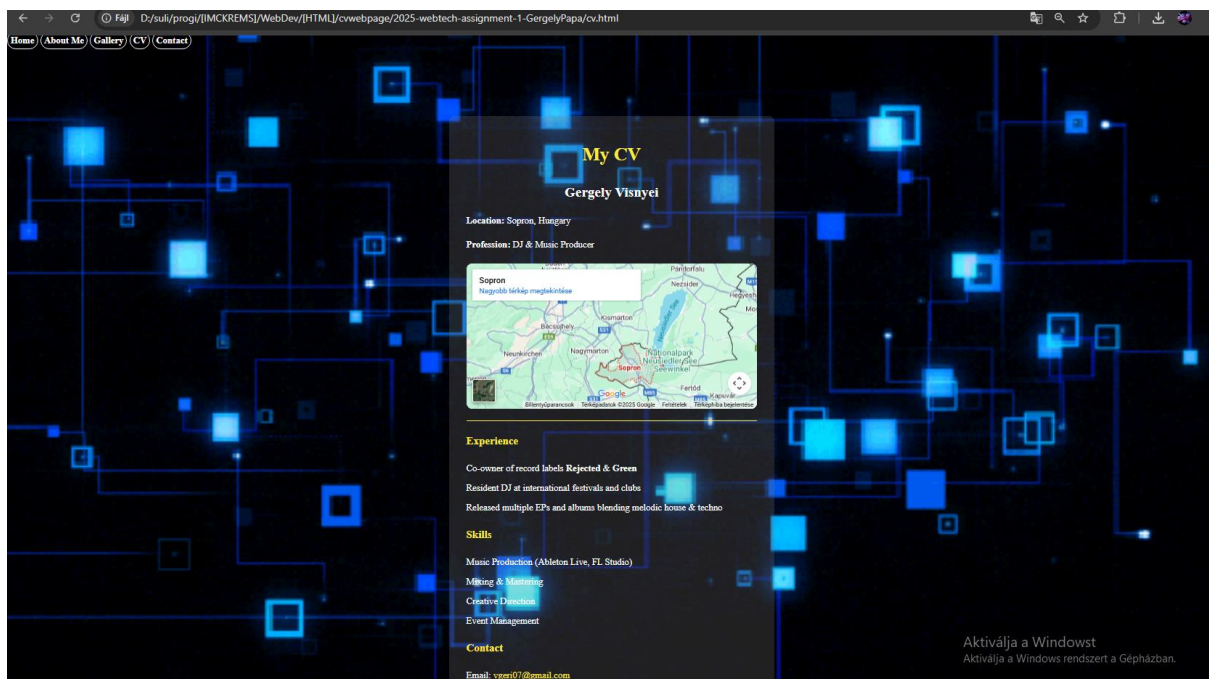

- We can see a longer description
- On the top we can use the navigation menu

## My Gallery.html page:

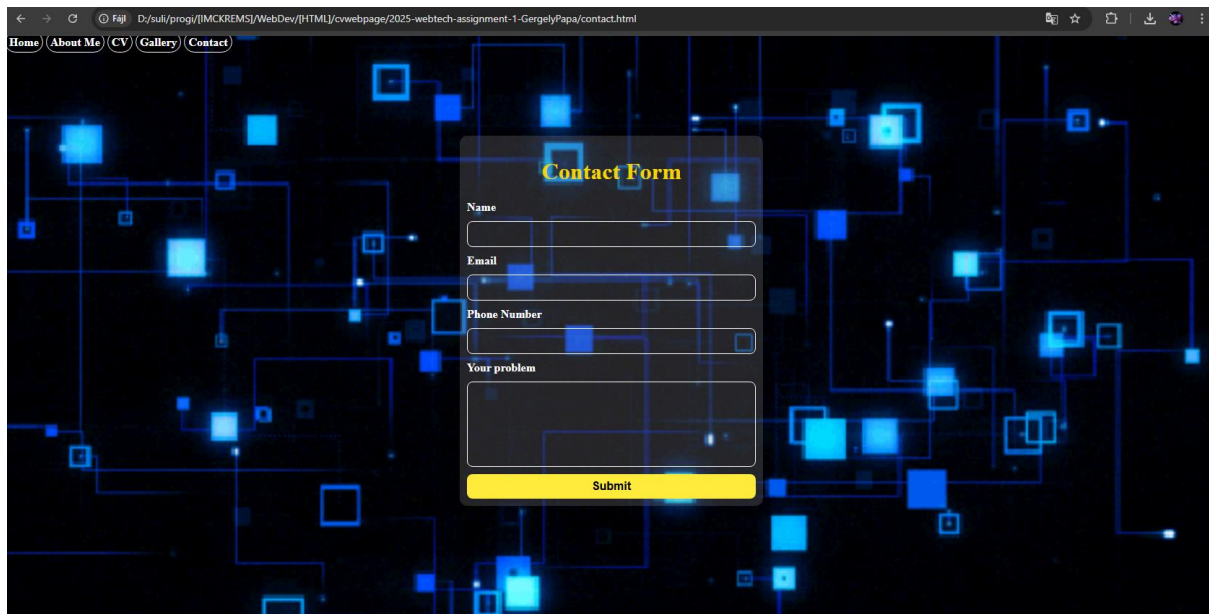

- There are a few pictures of me and the team
- On the top we can use the navigation menu

## My CV.html page:

- Here we can see my cv and every important information about me
- On the top we can use the navigation menu

## My Contact.html page:

The screenshot shows a web browser window with the address bar displaying the file path: D:/sul/progi/IMCKREMS/WebDev/HTML/cvwebpage/2025-webtech-assignment-1-GergelyPapa/contact.html. The browser's navigation menu at the top includes links for Home, About Me, CV, Gallery, and Contact. The main content area features a contact form titled "Contact Form" in yellow text. The form includes input fields for Name, Email, and Phone Number, a larger text area for "Your problem", and a yellow "Submit" button. The background of the page is dark with a network-like pattern of glowing blue squares and lines.

- In the picture there is a form where you can contact me
- On the top we can use the navigation menu
